

Simpler Words and Phrases

Good writing does not demand big words or fancy phrases. Write naturally – in the words you speak with. These words are usually small, often one-syllable. Not only do they save writing and reading time, they give power to your writing and clarify your ideas.

The words in ***italic boldface*** are the ones we believe most overworked. Be careful.

<u>Instead of</u>	<u>Try</u>	<u>Instead of</u>	<u>Try</u>
accompany	go with	construct	build
